**Nurses! Test yourself in Anatomy & Physiology (Nursus! Test Yourself in)** Katherine Rogers, William Scott

*"Many Anatomy and Physiology (A&P) textbooks have been written, most of them are limited by the absence of a significant bank of self test material. This book fills that space by providing the student engaged in active learning opportunities to assess their learning in all the core areas of A&P. The explanatory feedback material following answers to the test questions is excellent. Now the student has a resource that actually guides them towards success. It will complement any course that includes introductory A&P. This book will be a very useful partner to any student new to the subject that is motivated to learn and do well."*

Jim Jolly, Head of Academic Unit for Long Term Conditions, School of Healthcare, University of Leeds, UK

**"This book will be of great benefit to student nurses revising for exams as well as registered nurses wishing to refresh their memory. The authors have a good awareness of the areas where students struggle, and have focused special attention on those."**

Dorothy Adam, Lecturer, The Robert Gordon University, UK

**"This book is the perfect companion to help nurses explore their own understanding of this key subject. Students and newly qualified nurses alike will find the different kinds of tests a valuable revision aid."**

James Pearson-Jenkins, Senior Lecturer of Adult Acute Nursing, University of Wolverhampton, UK

**"This text is ideal for revision purposes or as a refresher for the basic workings of the human body. The book will help to build the foundations for learning the pathophysiology behind the body systems."**

Amy Hutchinson, Student Nurse, University of Ulster, UK

**"An excellent book which I would recommend to all nursing students studying Human Life Sciences or Anatomy and Physiology. This is a really useful book to learn and revise from; each section summarises the essential points and then tests your knowledge... I wish I had had this book prior to my first exam!"**

Karen Stewart, Student Nurse, Queen's University Belfast
