Shadow of the Hunter Richard K. Nelson

Shadow of the Hunter is a collection of stories based upon Richard Nelson's experiences in an Eskimo village of the Tareogmiut, or "people of the sea." The stories follow a group of hunters and their families through the cycle of an arctic year. Each chapter takes the reader into a different realm of the Eskimo world—from the quiet moments of families in far-flung camps to the intensity and passion of the hunt; from the times of fear and danger to those of security, triumph, and celebration.
