BOOK #1: DSLR Photography: Learn How to Make Photographs Like a Professional Using Your DSLR camera

This book is going to explain everything you need to know about creating amazing professional looking photographs by using your DSLR camera. Not only are you going to learn about the features on your camera but we are going to go even deeper in to how you can make sure your photographs look as professional as possible even if you are a beginner.

Here is what you will learn after reading this book:

- How you can use the features on your camera to create amazing professional looking photographs
- How shutter priority, aperture, and ISO affect the pictures you are taking and what you need to do when using these settings on your DSLR camera to ensure you create professional looking photographs
- About basic photography tips for beginners. Including how to set up your frame to ensure the best picture possible
- You are going to discover what qualities are needed in a photograph in order for it to look professional
- Finally, we are going to end with discussing the possible reasons your photos are not coming out the way you think they should be

By the time you finish reading this book you are going to be ready to go out and create amazing photos that look like they have been taken by someone with years of experience!
