## Stephen Colbert and Philosophy: I Am Philosophy (And So Can You!) (Popular Culture and Philosophy)

At the head of *The Colbert Report*, one of the most popular shows on television, Stephen Colbert is a pop culture phenomenon. More than one million people backed his fake candidacy in the 2008 U.S. presidential election on Facebook, a testament to the particularly rich set of issues and emotions Colbert brings to mind. *Stephen Colbert and Philosophy* is crammed with thoughtful and amusing chapters, each written by a philosopher and all focused on Colbert's inimitable reality — from his word creations (truthiness, wikiality, freem, and others) to his position as a faux-pundit who openly mocks Fox News and CNN. Although most of the discussion is centered around *The Colbert Report*, this collection does not neglect either his best-selling book, *I Am America (And So Can You!)*, or his public performances, including his incendiary 2006 White House Press Correspondents' Dinner speech.
