Clayton R. Newell

The A to Z of the Persian Gulf War 1990 - 1991 (The A to Z Guide Series) Clayton R. Newell

Contrary to many assessments that immediately followed the end of the 1991 Persian Gulf War, that war was neither short nor decisive. The 1991 conflict was the dramatic manifestation of long-standing antagonisms among the principal participants, and its results continue to have a profound effect on the region, a fact that can be seen most clearly in the current U.S. occupation of Iraq. It is therefore important to determine, on the diplomatic side, just how the war got started, how it was fought, and whether the dramatic ground campaign should have exceeded the mere hundred hours it lasted in order to bring about a more decisive conclusion. With the seemingly endless follow-up to the war continuing, *The A to Z of the Persian Gulf War 1990-1991* draws together the results of assessments of the war by a multitude of commentators. This is accomplished through an introduction, a chronology, a list of acronyms and abbreviations, a bibliography, appendixes, and hundreds of cross-referenced dictionary entries on many of the significant civilian and military persons, crucial diplomatic and political actions, as well as the essential military aspects, including the strategy and tactics, the encounters and battles, and the forces and weapons deployed by both sides. As the situation in the Middle East continues to deteriorate, this reference provides an important historical perspective on an increasingly critical issue.
