The Bible is the story of God’s interaction with his creation. It is a story that occurs over time, in many places, and through many events. It’s often easy to lose sight of the way in which God’s story fits together when our primary way of looking at the Bible is a bit here and a bit there.

The four-color *Chronological Life Application Study Bible* combines the proven resources of the *Life Application Study Bible* with a chronological format and several brand-new resources. The Bible is arranged in 10 chronological sections, which helps the reader to see how the various pieces of the Bible fit together. Section intros and timelines set the stage for the passages in each section. Archaeological notes and photographs help to bring God’s story to life in a whole new way. And of course, the Life Application resources answer the all-important question—“so what?”

Now available in the King James Version in a new Brown/Dark Teal/Blue design. (Also available in the New Living Translation.)
