## **How To Carve WoodSpirit Angels** Ed Rychkun

In HOW TO CARVE WoodSpirit Angels, Ed Rychkun reveals how to bring our Angels back into our lives through the expression of carving driftwood. The book gives the history of Wood Spirits and how the WoodSpirit Angel came to be. Ed also explains the importance of bringing Angels back into our lives and how Spirit Energetics can make such a important contribution to the quality of our lives. Simplifying and illustrating the techniques of a Sculptor, lessons are provided that reduce angelic faces down to seven simple Elements containing simple lines representing the anatomical components of the face. Multiple examples are provided showing the results of a carving passion that anyone can easily develop and enjoy using simple tools and natural wood. In this book, Ed takes you through the carving steps in several example lessons on how to allow these generic Elements to bring out the spirit of the driftwood in such a way as to give life the WoodSpirit Angel. Ed then brings forward two lessons using the same techniques on how to carve portraits into the wood. If you want to engage in a wonderful hobby and passion, this is a way to bring the joy, good luck and positive Energetics of Angelic radiance into your life.
